IOULIANOS MOUSTAKIS – GREAT WINNER OF THE 2020 PANTHERA MASTER CUP

- Germany, Greece, Canada and France are on the podium for the 2020 edition -

QUEBEC, CANADA – October 14, 2020 – Panthera Dental is proud to announce that the winner of the 2020 Panthera Master Cup, international competition aiming to find the most skilled dental technician, dentist or denturist, is Ioulianos Moustakis, a Greek dental technician who lives in Germany.

In order to receive the highest honors of the competition, Ioulianos Moustakis had to rival with six participants from France, Spain, Serbia, Canada and the United States. The second place was awarded to Jeffrey Luk from Canada, who finished ahead of Emile Encinar from France, who earned the third place. For the second successive year, the winner of the Panthera Master Cup is from Germany.

“The Panthera Master Cup is now one of the most recognized international dental competitions. This year was a really special and difficult year for participants because of Covid-19. Despite this global situation, we received seven gorgeous cases out of ten. I am very happy to see the passion and the time that every participant put into the aesthetic, the function but also in the documentation.” Béatrice Robichaud, Cofounder of Panthera Dental.

“For me, they are all winners,” says Chucri Chemali, judge of the 2020 edition. “Like in any competition, somebody has to win, but I saw the effort and the high-end quality in each case. It is refreshing and really good for our industry. They all took the time to participate in this competition despite all the stress and everything the Covid-19 can cause. Congratulations!”

Emile Encinar (third place) wins \$1000 in VITA products and \$100 in Cendres+Métaux products. Jeffrey Luk (second place) wins \$2000 in VITA products and \$250 in Cendres+Métaux products. Ioulianos Moustakis (first place) wins a VITA SMART.FIRE, an Artex CT Articulator, \$500 in Cendres+Métaux products, a two pages article in LMT magazine and a two pages article in Technologie Dentaire magazine.

Once again, we want to thank our valued sponsors:

VITA, Cendres+Métaux, LMT, Technologie Dentaire and Abutment Direct.

Registration for the 2021 edition is available at www.pantheradental.com/mastercup

About the Panthera Master Cup

The Panthera Master Cup is an international competition open to all dental technicians, dentists, or denturists who want to compete against the best. Knowledge and skills are evaluated by means of a full case involving implant-supported bars on both arches. All contestants must include documentation with their final cases. A jury of experts from the field uses a pre-established list of criteria to evaluate all cases and select the top three winners.

About Panthera Dental

Panthera Dental is a world leader in CAD/CAM implant solutions and dental appliances for the treatment of sleep disordered breathing. The success of the company is based on its shared values, namely highly attentive customer care, product quality, as well as innovation. Both a pioneer and a leader, Panthera Dental combined creativity, science and know-how to develop its proprietary innovative technology. The company is now able to offer next-generation products to the dental and medical industries worldwide.
