

## **PRESS RELEASE**

For immediate release

### **UPDATE – PANTHERA DENTAL AND COVID-19**

*– March 18, 2020 Update –*

**QUEBEC, CANADA – March 18, 2020** – The Panthera Dental team wanted to issue a statement concerning the present global situation and the measures taken in-house in order to avoid any inconvenience or complication regarding the health of our employees and clients, as well as the current production.

We know that the outbreak and spread of COVID-19 can raise concerns and worry. Please be assured that we are taking every necessary precaution and closely monitoring the development of the situation. In order to counter the risk of propagation, all our employees were met personally and were notified about the various measures being put in place. **Concerning production, it is not affected by the preventive actions of the different governments and our 100% automated CAD/CAM factory remains active and will always continue to be productive and efficient.**

As previously announced, preventive actions announced by the Quebec and Canadian governments have led to the closure of school facilities and daycare centers and to increased measures to prevent the spread of COVID-19. These various preventive actions will force a few of our employees to take additional days off during this period. This staff reduction might impact manufacturing and delivery delays. **However, thanks to our 100% robotized factory and thanks to the extra effort of our team, our production remains active and our team remains at your disposal for all your needs.**

We invite you to continue to send your cases to our team in charge of receiving and shipping. We will make every possible effort to avoid additional delays. We will keep adapting as developments in the situation occur. Please know that our priority is, and always will be, to uphold our high manufacturing standards.

We are extremely grateful for your patience and understanding with respect to this situation, unfortunately beyond our control, and our efforts concerning work-family conciliation, an important company value.

**Our team remains at your disposal during these trying times.**

**Please do not hesitate to contact us:**
