

PRESS RELEASE

UNDER EMBARGO UNTIL SEPTEMBER 13, 2023,
11:00 AM (E.T.)

Presenting the three finalists of the 2023 Masters Cup!
Who will win this sixth edition?

The United Kingdom, Ukraine and Germany are the three countries that will be represented at the 2023 Master Cup Award Ceremony. Nina Frketin, Evgeny Korneychuk and Patricia Strimb (Alphabetical order) will learn their respective positions and receive over \$75,000 in prizes during the ceremony held on October 6, 2023, at Panthera Dental headquarters.

Quebec (Canada), September 13, 2023. Panthera Dental (Quebec, Canada), a global leader in CAD/CAM implant solutions and dental sleep appliances, is proud to announce the three finalists of the 2023 Master Cup. In alphabetical order, we welcome Nina Frketin from the United Kingdom, Evgeny Korneychuk from Ukraine and Patricia Strimb from Germany to the podium! These three finalists automatically win a trip to attend the Award Ceremony held on October 6, 2023 in Quebec City, Canada.

As in previous years, the Panthera Master Cup aims to find the most qualified dental technician, dentist or denturist through the creation of a complete dental prosthesis. Knowledge, skills, function and aesthetics were evaluated by renowned judges and dental technicians Oleg Glozanski, Margaret Wibberley, John Wibberley, Sébastien Mioranza (winner of the 2022 edition) and Dr. Michael J. Tholey. On September 8, 2023, the jury panel crowned the three finalists after an emotionally charged evaluation.

This year, the 10 participants succeeded in submitting their cases after three months of hard work. The three finalists will share more than CAN\$75,000 in prizes, which include an articulator, a furnace, technical articles in magazines and a unique 3D printed ring, all given by Panthera Dental and the Master Cup's official partners: VITA, Amann Girrbach and LMT. In addition of all these prizes, VITA is giving a €500 voucher to Lola Welch from the United Kingdom for the best documentation.

"I join the judges, partners and the entire Panthera Dental team in thanking and congratulating participants Sophie Dallem, Olivier Herblot, Salvatore Marono, Shawna Schonauer, Ryan Tran, Derek Walker and Lola Welch on their incredible achievements," said Béatrice Robichaud, co-founder and VP Marketing and Customer Experience at Panthera Dental. "Good luck to the three finalists, but above all congratulations to the 10 participants who, in my opinion, all won."

In addition to the Artex CR they already won by being one of the 10 participants, Nina Frketin, Evgeny Korneychuk and Patricia Strimb will see their technical documentation and testimonials about the competition published in future editions of LMT Magazine.

Be sure to check your favorite social media platform on October 6, 2023, to find out who won this sixth edition of the Panthera Master Cup.

About Panthera Master Cup

The Panthera Master Cup is a contest open to any dental technician, dentist or denturist who wants to compete with the best. Knowledge and skills are evaluated on a full upper and lower case involving implant bars. Each contestant must include documentation with their final submission. A jury composed of a group of experts in the field uses a predetermined criteria list to evaluate all cases and select the first three winners. For more information: www.pantheradental.com/master-cup

Panthera Dental's Mission

Panthera Dental is committed to design and manufacture custom-made dental restorations, sleep breathing disorder solutions and implantology products using proprietary CAD/CAM processes, smart manufacturing and superior quality materials.
